Firm Profile

"Rodríguez Molnar & Asociados" has been advising US and European companies on Spanish and International environmental matters since 1985.

The founder partner, Mr. Héctor Rodríguez Molnar, is a Member of the Madrid and Barcelona Bar Associations in Spain, Member of the Buenos Aires Bar Association in Argentina, and Member of the International Council of Environmental Law with seat at Bonn (Germany). He has acted as Vice-Chairman of Committee "F"(Environmental Law) of the former Section on Business Law of the International Bar Association between 1989 and 1992 and was again appointed as Vice-Chairman of the Environmental, Health & Safety Law Committee of the International Bar Association for the period 2013/2014.

Mr. Rodríguez Molnar advises clients over the entire process of Environmental, Health and Safety (EH&S) issues, from the onset of legislative developments, through implementation, compliance and court actions. He provides counseling in a broad spectrum of environmental matters, including air, water, natural resources, hazardous waste, land remediation, toxic torts, asbestos and others. He is currently devoted to a reaching an in depth understanding of climate change issues.

The firm concentrates in EH&S legal consulting to international and Spanish commercial and industrial clients, including, among other matters, Environmental Auditing, Preparation of EH&S Compliance Protocols, Pre-acquisition Due Diligence Reports and Environmental Regulatory Follow Up.

Mr. Rodríguez Molnar works closely with attorneys in different jurisdictions and areas of practice to ensure that Environmental, Health and Safety issues relating to mergers, acquisitions, divestitures, real estate purchases and leases, and other key cross border and international transactions are always addressed with the client's overall business objectives in mind.

From 2004 to 2017, the publication "*Whos' Who-Legal*" has listed *Rodríguez Molnar & Asociados* uninterruptedly as one of the leading Spanish environmental law firms. Also in 2005 and 2006 Mr. Rodríguez Molnar was listed as an internationally recognized environmental expert in the "*Guide to the World's Leading Environment Lawyers*", published by Euromoney Institutional Investor. He is a frequent speaker in international fora.
